

ABHISHEK KUMAR

Flutter Developer | 4+ Years Experience

abhishek.dev.app@gmail.com • +91 8127253679 • [LinkedIn](#) • [GitHub](#) • [Portfolio](#)

PROFESSIONAL SUMMARY

Results-driven and highly collaborative Flutter Developer with over 4 years of hands-on experience building scalable, high-performance, and secure cross-platform mobile applications for Android and iOS. Expertise in state management (BLoC, Cubit), payment gateway integrations (Razorpay, PhonePe, UPI), and Firebase ecosystem.

PROFESSIONAL EXPERIENCE

Freelance Flutter Developer | *Freelance*

Jan 2026 – Present

- Delivered high-performance cross-platform applications and integrated advanced UPI and biometric features.
- Improved app performance by 25-35% through efficient state management and optimization.

Flutter Developer @ *OneEHR Private Limited*

Sep 2025 – Nov 2025

- Developed scalable Flutter modules, improving app performance and UI responsiveness by 30%.
- Collaborated with backend teams to integrate APIs and ensure seamless data flow.

Flutter Developer @ *Bitlyze Technologies Pvt Ltd*

Dec 2023 – Jun 2025

- Built cross-platform applications for B2B customers and implemented BLoC architecture.
- Reduced app crashes by 20% through structured error handling and debugging.

Flutter & Android Developer @ *SWA Softtech Pvt Ltd*

Jun 2022 – Dec 2023

- Built end-to-end Flutter applications integrated with REST APIs.
- Developed reusable components, reducing development time by 30%.

Android Intern @ *DigiCoders Technologies Pvt Ltd*

Sep 2021 – Mar 2022

- Developed Android applications using Java and SQLite.

TECHNICAL SKILLS

Languages & Frameworks: Dart, Flutter, Java, Kotlin, Android SDK

State Management & Architecture: BLoC, Cubit, Provider, GetX, Clean Architecture, MVVM, get_it, injectable

Backend, Databases & Data Parsing: REST APIs, JSON Parsing, Retrofit, Dio, SQLite, SharedPreferences, Hive, Firebase

Integrations & Security: Payment Gateways (Razorpay, PhonePe, UPI), Google Maps API, Biometric Authentication

EDUCATION

B.Tech Computer Science

Dr. Rizvi College of Engineering • 2025

Diploma - Computer Science Engineering

Government Polytechnic Madhogarh Jalaun • 2021

KEY PROJECTS

Tribe (B2B Shopping App)

- Description:** Developed a comprehensive multi-role B2B eCommerce platform designed to streamline bulk ordering and business-to-business transactions.
- Core Features:** Implemented role-based dashboards for distinct business users, secure payment gateways, and order management.
- Platforms:** [Play Store](#) | [App Store](#)

Bharat Beej (BBSSL)

- Description:** Agriculture seed distribution application designed for the governmental and distribution network to manage supply chain operations.
- Core Features:** Built to enable secure tracking of distribution, inventory management, and direct communication channels for stakeholders.
- Platforms:** [Play Store](#) | [App Store](#)

Lending App

- Description:** A security-focused digital loan platform built to process financial applications securely and rapidly.
- Core Features:** Integrated with robust biometric authentication, PIN security, and encrypted data storage to ensure maximum user data privacy.

Saksham Express

- **Description:** A logistics tracking application built to monitor freight, shipments, and delivery routes.
- **Core Features:** Includes real-time GPS tracking, push notifications for status updates, and route monitoring for enhanced supply chain visibility.

Tele Consultation App

- **Description:** Designed a telemedicine and healthcare platform for seamless doctor-patient interactions.
- **Core Features:** Supports appointment booking, scheduling modules, and real-time audio/video-based consultation tracking.
